

EDGE to Explore Cooperation with Brazil's Non-Lethal Technologies Specialist Condor

MoU signed at LAAD 2023 will see EDGE and Brazil's Condor synergise to advance innovation and cutting-edge technologies

EDGE, one of the world's leading advanced technology and defence groups, today signed a Memorandum of Understanding (MoU) with Brazilian company Condor, a global leader in non-lethal technologies, on the EDGE stand at the leading Latin American Defence and Security Exhibition, LAAD 2023. Signed by Marcos Degaut, EDGE Brazil and Frederico Aguiar, Chairman of the Board of Directors, Condor, the strategic deal is designed to combine the companies' capabilities, and assess the viability and feasibility of jointly identifying and implementing business opportunities across the UAE and Brazilian markets.
